

Military Ambassador Requirements

We are happy to be introducing a new section of our Ambassador Program, from this day forward, for those Active Duty men and women, TAC now has Military Ambassadors! This is something that has been requested many times, and we are finally able to offer this service to those brave men and women who are currently in the military, United States, or otherwise.

Military Ambassadors will fill the same functions and needs as any other ambassadors, save for those on bases, in war zones, or anywhere else our Military Ambassadors may find themselves. (To Learn more about the general duties of an Ambassador, refer to Ambassador Central on the Website). * Note that the set number events per quarter, does not pertain to Military Ambassadors. *

Of course, these special ambassadors are going to be different than the ambassadors you will normally find, and must meet a specific skill set, and other various requirements to keep our members, and ambassadors safe, and doing the most that they can!

Military Ambassadors will not have a set location as the standard ones do. Instead they shall be moving from APO to APO, base to base, area to area, helping those they can, when they can, and however they can.

These special military ambassadors will be listed in both the Military Outreach Area, and in Ambassador Central, separate from the regional ambassador lists.

If you're interested in becoming a Military Ambassador, apply today!

You must meet the following requirements however:

1. Be a TAC Charter Member for at least 90 days prior.
2. Currently be in the Military, I.E Active Duty
 1. Domestic or Overseas
 2. Veterans do not apply however.
3. All the requirements expected of normal ambassadors, outlined here:
